Step #1- Prepare Seats

Remove headrest from mounts and set them aside.

Step #2-Install 50% Backrest

Pull on the strap on the side of the backrest to pull the backrest forward. Place cover over the backrest, matching its contours and cutouts. Tuck in the bottom of the cover towards the back sticking the velcro to the carpet ; also tuck in the "X"

Step #3-Install 50% Backrest

Grab the second velcro and stick it onto the carpet. Also lift the headrest a bit up, and send the velcro through the headrest. Secure the fit by attaching the velcros together.

Step #4-Install Cushion

Place the cover on the cushion, matching its contours and cutouts. Tuck in the top of the cover pushing the straps towards the back of the cushion.

Step #5-Install Cushion

Pull up on the front of the cushion, releasing it from its mount. Pull the straps from underneath and buckle them accordingly.

Step #6-Install Cushion

Pull on the straps to fit the cover to the cushion, once it's nicely fitted but the cushion back on its mounts.

Step #7- Install Headrest

Place the cover over the headrest, matching its contours and cutouts. Secure the fit with the elastic.

Step #8- Finishing Touch

Once all covers have been installed adjust the seating and headrests to their regular position. Tuck all straps underneath the seating. Now you are ready to enjoy your CalTrend Seat Covers 😊
